SATURDAY EVENING, SEPTEMBER 17.

A COLOSSAL METEOR .- A wonderful phenomenon occurred at Barrington, N.S. Thursday night about eight o'clock. A luminous body, looking as large as an elephant, with a long tail attached, suddenly appeared in the southeastern sky, and shot out of sight in a southerly direction. The night was cloudless, and without a moon, but the stars were out, and a strange, soft blue and white light lit up the whole firma-ment as bright as day. The light was only five or six seconds in duration, when all be-came suddenly dark again. To a person at the south end, it appeared like a fearful expiosion in the vicinity of the northwest arm, in which direction the light was brightest, but the noise supposed to accompany most explosions was absent. A reporter was crossing North End Common, when he was startled by a sudden burst of fire lighting up the whole neighborhood. The meteor descended like a large electric light, and a long looked like a large electric light, and a long tail of sparks trailed behind. The whole presented a beautiful spectacle. To the reporter the fiery visitor seemed to strike the ground a short distance away. Afterwards a low whirring sound was heard in the direction where it had disappeared. The sound kept increasing in volume till the roar was terrible. It seemed as if the bed of the ocean was a huge pot, and the water was belling over. Some people forcing these was boiling over. Some people fancied they felt a slight tremor of the earth, but most persons felt nothing of the kind. The roise which was terrifying, lasted fully a minute and a half. What was doubtless the same meteor was seen in Halifax Thursday night. but the time was nine o'clock. Its fall was accompanied by a most vivid illumination of the whole city. There was a sudden and almost dazzling flash, lasting for a couple of moments, then all reserves. moments, then all was over

The advantages of advertising in the GAZETTE are, therefore, ap-
